ornithology
(2, or 1, four-part round)

(tofurkey round #5)

I

The tofurkey is a mighty bird, it warbles as it flies, and soars a sky with wings unfurled, small creatures fear its cry. (Re-

II

move lid and puncture one half hole in top film. Heat on high for one minute stir and check.

Microwave vary so continue to heat, in one minute intervals till hot. (The to-

Four voices. Sing either round, or as one long round. Entrances (at two measures) remain the same.
