MUSIC MAKING, MUSIC LISTENING

Music theory

Music Cognition
- Natural principles
- Mathematics
- Purely formal concerns (internal, consistent)
- Analogy (visual art, narrative, statistics, models, etc.)

empirical evidence
- culturally specific
- non-culturally specific
- learned

innate
- infants
- from other species:
  - birds
  - monkeys
  - bugs
- grownups:
  - cross-cultural
  - neuroscience
  - amusia, aphasia, agnosia

Ugly chart showing everything about music

lions and tigers and bears.... (Oh my!)
